Keep the Temple Pure

Fire Engine Red

Keep the temple pure
live life for the Lord
I wanna live a sanctified life
gonna keep the temple pure
keep the temple pure
your food should be Gods word
the road to life is a narrow path
keep the temple pure
Jesus died to save us from our sins
the eye is the lamp of the body
to let the evil in
keep the temple pure
the righteousness will endure
I never wanna quench the Holy Spirit
gonna keep the temple pure
Jesus sent us a Comforter
cause God doesn't live in a dead old church
we are the Body of the Lord
keep the temple pure (X4)
Christ said keep the temple pure
go and sin no more
I'm not gonna drink and I'm not gonna smoke
I'm gonna keep the temple pure
men can't serve both God and sin
love the one and hate the other
so don't give in
keep the temple pure
brothers I urge you more and more
lead a quiet life and work with your hands
be a witness to the world
the media traps us with worldly things
but if you love the world and the things of the world
then you have no place in heaven
Keep the temple pure
live life for the Lord
I wanna live a sanctified life
gonna keep the temple pure
keep the temple pure (X4)
