Mike Krol

In two thousand and two
I was in love with you
Passing notes in class
Yeah, I always thought itâ€™d last

But in a couple years
Things were getting strange
I hold my breath I close my eyes
Itâ€™s all been rearranged

Oh, forgive and forget when I am dead
Iâ€™m still mad about what you said to me
If youâ€™re the artist, the torture artist
I found out now what knocked down means (?)

Iâ€™m sending you a cease and desist in my heart
Itâ€™s all your fault and everybody knows that
You made a fool of me from the start
And Iâ€™m surprised I never couldâ€™ve seen that
I hope you get it someday
When everything is going great
'Cause Iâ€™m sending you a cease and desist

You never hear the song
You never sing along
But itâ€™s for the best
â€˜Cause Iâ€™ve got the west
And everytime I walk down the street
I think about just how youâ€™ll always be
Alone

Iâ€™m sending you a cease and desist in my heart
Itâ€™s all your fault and everybody knows that
You made a fool of me from the start
And Iâ€™m surprised I never couldâ€™ve seen that
I hope you get it someday
When everything is going great
'Cause Iâ€™m sending you a cease and desist
