Infallible

Etched In Red

Keep on locking your doors
Keep on building your floors
Keep on just as before
Pay disasters no mind
Didn't get you this time
No prints left at the crimeOur ship's come in and it's sinkingOf everything that's possible
In the hearts and minds of man
Somehow it is the biggest things
that keep on slipping right through our handsBy thinking we're infallible
Oh we are tempting fate instead
Ah, time we best begin here at the end, endWanna third second chance
Put your faith in big hands
Pay no more than a glance
All good things come to an end
This could be good as it gets
How's the view from the fence?You think we've been here before
You are mistakenOf everything that's possible
In the hearts and minds of man
When progress could be plausible
In reverse we curse ourselves yeahOh yeah by thinking we're infallible
Oh we are tempting fate instead uh uh uh
Time we best begin here at the end, endOf everything that's possible
In the hearts and minds of man
Ye yeah somehow it is the biggest things
That keep on slipping right through our handsHey by thinking we're infallible
Oh, we are tempting fate instead
Oh yeah yeah
Yeah yeah
Yeah yeah
Oh yeah
YeahOh time we best begin
Here at the end, end
Here at the end, endKeep on locking your doors
Keep on building your floors
Keep on just as before
