

# Where Do We Go from Here

## The Partridge Family

Walked in the storm didn't ya baby  
Got your feet wet for the first time  
Yeah, you found out the truth  
When you tried to turn me loose  
You found out those eyes could cry Didn't you baby  
You went down another road  
Searchin' for new affection  
How was you to know  
Oh now tell me, where do we go  
Where do we go from here You left me here one early mornin'  
When ya thought I was still asleep  
If you'd known I was awake  
Feelin' like my heart would break  
What a way to say goodbye (Chorus)  
(Repeat Chorus)
