Bringin' Da Noise

'n Sync

Bringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'allBringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'allWe need to get down, the scene is set so right
Everybody's in the house tonight
Lose your mind, let your body take control
You've got to feel it in your soulI've got that feeling, baby
You know it drives me crazy
And all I wanna do is hit the floorI wanna shout it y'all
So make it louder y'all
And turn it up some moreBringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'allBringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get looseBringin' da noise
Bringin' da noiseJust shake it girl and enjoy the ride
Do what you feel inside
'Cause it's your world, all you want and more
So baby, go and get yoursI've got that feeling, baby
You know it drives me crazy
And all I wanna do is hit the floorI wanna shout it y'all
So make it louder y'all
And turn it up some moreBringin' da noise, bring down the house
We came here to turn the party out
Say, "Come on, come on, let's raise the roof"
And give 'em proof that we can get loose y'allBringin' da noise, bring down the house
