

# Bringin' Da Noise

## 'n Sync

Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
We need to get down, the scene is set so right  
Everybody's in the house tonight  
Lose your mind, let your body take control  
You've got to feel it in your soul  
I've got that feeling, baby  
You know it drives me crazy  
And all I wanna do is hit the floor  
I wanna shout it y'all  
So make it louder y'all  
And turn it up some more  
Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
Bringin' da noise  
Just shake it girl and enjoy the ride  
Do what you feel inside  
'Cause it's your world, all you want and more  
So baby, go and get yours  
I've got that feeling, baby  
You know it drives me crazy  
And all I wanna do is hit the floor  
I wanna shout it y'all  
So make it louder y'all  
And turn it up some more  
Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
Bringin' da noise, bring down the house  
We came here to turn the party out  
Say, "Come on, come on, let's raise the roof"  
And give 'em proof that we can get loose y'all  
Bringin' da noise  
Bringin' da noise  
I've got that feeling, baby  
You know it drives me crazy  
And all I wanna do is hit the floor
