

# Run (Instrumental)

## Flatlinerz

Stand back and stand decline  
With your face to the ground  
Love the matter never seen to push you in  
Call the time of vision, van the leash  
Tell them all to grab another arm to twist this time  
And if you think I'll let your mind commit  
Well you wanna fool me but you don't really know  
Something tells me that you should never gonna stop to do  
what you want  
Don't you tell me  
That you never really got,  
Maybe we can run  
Maybe we can run  
Maybe we can run  
Pick a fight, set the house on fire  
With bums in your eyes  
Well the matter never seem to make you afraid  
If you come only in Los Angeles  
Find another naive on the twist tonight  
And if you're thinking that you'd like to quit  
That's fine, you never wanted it anyway  
Something tells me that you should never gonna stop to do what you  
want  
Don't you tell me  
That you never really got,  
Maybe we can run,  
Maybe we can run,  
Maybe we can run  
Oh, don't stop, don't stop  
We'll never get closer  
Roll down, roll down  
Shoulder to shoulder  
Something tells me that you should never gonna stop to do what you want  
Don't you tell me  
That you never really got,  
Maybe we can run,  
Maybe we can run,  
Maybe we can run
