

You Got To Me

Rex Goudie

All my life I've been looking for a rainbow
I was startin' to think that I was colour blind
And you walked in the room and there's my pot of gold
And I can just leave everything behind All this time I've been running 'round in circles
I was startin' to think that I would lose my mind
But you came along and pulled me from the danger
Now it's a merry-go-round and I don't want to get off this ride [Chorus]
You got to me without a warning
You got to me when I had nowhere to go
And now I see the color every night, in black and white
I can't remember how I used to be
And I can't get out of bed, but I can dream You got to me, you got to me All good things must come to those who
wait for
Every good reason there's gotta be a very good rhyme, yeah
And all my life I've been tryin' to find an answer
Now I know why I had to take my time [Chorus] You got to me Maybe it was just the way you held me
When my world was hangin' by a string
Maybe it was just the way you knew me
When I didn't know myself when everything felt like hell [Chorus: x2]
