

# Goodbye To You (+ Dot Rotten)

Ed Sheeran

Hey  
Can you hear me?  
I just wanted to let you know  
Hm I hope you can hear what I write to you  
How could I say goodbye to you?  
When I'm a life that came out of the inside of a life that was inside of you  
I gotta respect the way you provided food, for the whole fam'  
You came over a moon rush supporting a mar jays old man  
Cold double 8, 8 kids bare wheels  
Plus racists full of hatred in your own plant  
3 jobs in a day  
Rest in life in you working but you were never stress free  
Just locked in a cage slaving  
They said they were gold in the pavements  
But you came and saw the road to amazement  
Broke your heart  
But still you were prone to last and your sorrow was over fast  
I hope your listening right  
I still think of you every Sunday  
No one can top your chicken and rice  
Even through the darkness times  
You held us all up because your vision was bright  
I knew your strength was your wisdom inside  
You never let anyone see your heartache  
You just got on with it  
Anyone tells me that they knew you said you were beautiful  
And your words you would stand strong with it  
'Cause they were like warmth on a winter night  
But I was just too young to go on with it  
And there somethings I could try to do  
But it's an impossible task for me to even try to say goodbye to you  
I couldn't do that, I owe my life to you. And of the pieces of my soul  
(Because I need a sign, I hope this pain will heal in time)  
You know I never want to be alone I can see the stars as a cold wind greets the air  
And will you think of me up there?  
Can I say goodbye to you?  
And paint the stains of the teardrops down my face  
Or feel the chill of your warm embrace?  
Can I say goodbye to you, oh I think you phoney

I was younger with the knowledge of things that I know now  
I would be by your side when you needed me  
Instead of asking you 'Nan can I go out?'  
Standing in a road with the gangs that I know now  
Everyone's missing you loads, Jessica's grown up  
Warreen, Lauren and Alex are fine and I'm living with hope  
It's been a while since I've seen C and the mouths  
I miss seeing a family, being a family  
And us agreeing with smiles how it used to be as a child  
But as time goes by, the bridge seems longer  
Family problems have never been funny  
In my heart the only one that dissed me was Sonia  
She took all our inheritance money  
Left the rest of us to pick up the pieces  
I never forgive the way she betrayed us.  
There ain't a big enough reason  
Before I sell out my fam' I'll be giving up breathing  
But I guess that everyone's different  
Or should I say no one's perfect?  
She had happiness in front of her  
But chose to ride the wave that no ones surfing.  
Since you gone the foundations crumbled  
So building it back up is my next step  
I got all the bricks and the cement but  
It's hard when it's done, I don't know what to expect  
So give me the strength that I need to perform this task  
Make it right, I must do  
And I ask cause I trust you  
It goes way beyond a song when I say I love you. And of the pieces of my soul  
(Because I need a sign I hope this pain will heal in time)  
You know I never wanna be alone I can see the stars as a cold the wind greets the air  
And will you think of me up there?  
Can I say goodbye to you?  
And paint the stains of the teardrops down my face  
Or feel the chill of your warm embrace?  
Can I say goodbye to you, oh It's just for now so I should hush  
I'll never get enough, I'll see you, when I see you but,  
I miss you  
Ohh how I miss you  
It's just for now so I should hush  
I'll never get enough, I'll see you when I see you but,  
I miss you  
Ohh how I miss you There ain't enough words to describe  
How sorry I am for the pain that I caused  
Sorry for when I stuck up my own blood

We were young and he said it was raping his broad  
And for the day police came to the door  
I'm sorry for being such a bad youth  
Stealing from your purse and making you mourn  
I never been able to say this before  
'Cause I was so inconsiderate  
You loved me unconditionally  
And I took advantage of it like a idiot.  
Not seeing the pure soul that I was living with  
I really hope that you can forgive me  
You going away was a punishment  
But I won't let go I'm holding you with me  
But I still fight the emotions within me. I can see the stars as the cold wind greets the air  
And will you think of me up there?  
And can I say goodbye to you?  
And paint the stains of the teardrops down your face,  
Feel the chill of your warm embrace?  
And can I say goodbye to you? I can see the stars as a cold wind greets the air,  
And will you think of me up there?  
Can I say goodbye to you?  
And paint the stains of the teardrops down my face  
Or feel the chill of your warm embrace?  
Can I say goodbye to you?
