

# Ooh La La

Kate Voegele

Don't be drawing me diamonds  
And popping champagne  
And dancing me out to the movie screen  
You're painting these pictures  
Of fireplace smoke  
And those little white fences  
But I don't get the joke  
I could save you so much time  
I hate to see you flying blind Just say you love me, darlin', I gotta know  
And when you kiss me baby go for the soul  
You want the honey, honey, you gotta show me  
What you got, got, got  
And then we can rock and roll Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Well you just pulled a wild card  
So good luck with that  
Now you can't circle my heart  
Like some town on a map  
I gotta be soft, babe  
But you gotta be tough  
Now you can sweep me away  
But too much is too much  
'Cause you're standing there with all I need  
You can wrap me up as long as I can breathe Just say you love me, darlin', I gotta know  
And when you kiss me baby go for the soul  
You want the honey, honey, you gotta show me  
What you got, got, got  
And then we can rock and roll Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Just keep it simple like that  
Just keep it under your hat  
I'm wantin' you and that's all  
Ooh la la so Just say you love me, darlin', I gotta know  
And when you kiss me baby go for the soul

You want the honey, honey, you gotta show me  
What you got, got, got  
And then we can rock and roll Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah Ah ah ooh la la  
Ah ah ooh la la  
Ah ah ooh la la  
Ah ah yeah
