

# It Happens Everytime

## Dream Street

Can you hear the music playing?  
Can you feel the rhythm swaying?  
This is this sound of dreams come true  
And I can promise you that You are the one and only  
And I'm the lost and lonely  
We are the perfect dream come true  
And I can promise you that I  
Hear a silly love song in my heartIt happens every time when I see you  
It happens every time when I think of you  
It happens every time  
Oh it's magic when we meet  
Baby down on dream street!Let me take you by the hand and  
Walk you down the milky way cause  
You make me feel I'm so alive  
Though I promise baby I  
Hear a silly love song in my heartIt happens every time when I see you  
It happens every time when I think of you  
Oh, it's magic when we meet  
Baby down on dream streetIt happens every time  
(Baby)  
It happens every time  
Oh it's magic when we meet  
Down on dream streetWhen I close my eyes  
There's angels all around  
(Singing a love song)You know it happens every time  
When I see you oh  
It happens every time ohh ohh  
Oh oh oh oh ohIt happens every time when I see you  
It happens every time when I think of you  
It happens every time  
Oh it's magic when we meet  
Baby down on dream street
