

# Superwoman

Vivian Green

Why must I fit into your box  
To make this relationship work  
I am human not perfection  
I can't be your superwoman  
Tell me superwoman, not superwoman Please tell me what you wanna do  
'Cause I can't waste anymore time  
It seems nothings good enough for you  
Tryin' please you drives me out of my mind Who do you think I'm supposed to be  
This flawless thing is how you picture me  
But I can't measure up to that and I wont try  
'Cause I can only be me baby So why must I fit into your box  
To make this relationship work  
I am human not perfection  
I can't be your superwoman  
Tell me superwoman, not superwoman You know I wanna be with you  
But you ask for what I can't give  
I won't compromise myself for you  
For my own self I must live All I can do is love you best I can  
That don't include changing who I am  
And I know that I love you good so don't you think  
That you should try to hold onto me Why must I fit into your box  
To make this relationship work  
I am human not perfection  
I can't be your superwoman  
Tell me superwoman, not superwoman There is only one me  
Don't paint an image of what you want me to be  
That's not what we need  
I wont be trapped into what your eyes want to see Why must I fit into your box  
To make this relationship work  
I am human not perfection  
I can't be your superwoman Can't fit into what you want me to be  
But I can only be me baby  
Only be me baby Why must I fit into your box  
To make this relationship work  
I am human not perfection  
I can't be your superwoman
