

Wobble (Remix) (feat. Stefflon Don)

Lethal Bizzle

See her in the gym doing two squats
Tight leggings on she don't do socks
She tryna get something happening
Tryna get that booty like Kim Kardashian
Tryna get like the emoji fruit
Tryna get right for her birthday suit
Tryna get her right and the jeans was a struggle
Bottom half BBW and her face look cute Yeah, all she wanna do is wine it
Yeah, now she got audience behind it
Yeah, if you was a hit I would sign it
Yeah, all day, press play and rewind it She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
Her future's high beaming, yeah that right
Best of both worlds yeah that type
See her in the club and she look right
Jeans are Arsene Wenger, yeah fam that tight
She's my new signing, the one I'm pursuing
Allure of other interests, but don't know what they're doing
Windows shopping, all they do is viewing
Promise you the world, all they do is ruin Yeah, yeah I wanna see you wine it
Yeah, you know got audience behind it
Yeah, if you was a hit I would sign it
Yeah, all day, press play and rewind it She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling

She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling

She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble
Wob-wob, wobbling, wobbling
She got the wobble

I wanna see you go down, go down low
I wanna see you wobble, wobble some mo'I wanna see you go down, go down low
