

Come to Me

Ricky Martin

This is not the way I wanted things to be
I hope someday you'll understand
My heart beats stronger when I know I'm close to you
It's helped me be a better man Why must all of the love come falling
Why don't we just take our chance
I could walk this road again with you, my love, oh, oh Why can't you come to me
Don't save your love, some elusive dream
Why can't you find your way
I'll fall for you no matter where it leads This is not the way we started, you and I
How was it that I lost my way
Two souls can drift apart without a word
Were those the words I did not say Why must all of the dreams come falling
Why don't we just take this chance
I could walk this road again with you, my love, oh, oh Why can't you come to me
Don't save your love, some elusive dream
Why can't you find your way
I'll walk with you no matter where it leads Don't be afraid I could walk this road again with you, my love Why
can't you come to me
Don't save your love, some elusive dream
Why can't you find your way
I'll walk with you no matter where it leads Why can't you come to me
Don't save your love, some elusive dream
Why can't you find your way
I'll walk with you no matter where it leads Why can't you come to me
Why can't you come to me
Why can't you come to me
Why can't you come to me
