

# The Colour Of Love

Billy Ocean

If I had to paint a pictures  
To show the world how true love can really be  
I would use the brightest colors  
To create a vision of harmony It would be a reality, 'cause its only what's inside of my heart  
You would see I've always loved you right from the very start Tell me what is the color of love? What do you  
see?  
Is it warm, is it tender when you thing of me?  
I see the color of love when I'm thinking of you  
As a picture perfect painting of love forever true The colors of the rainbow  
Turn gray whenever you're so far away  
It changes like the seasons  
You're the reason it happens that way What you see are colors of emotion? Reflecting what I feel deep inside  
Now I'd like to take a look at emotions that you hide Tell me what is the color of love? What do you see?  
Is it warm is it tender when you think of me?  
I see the color of love when I'm thinking of you  
As a picture perfect painting of love forever true And oh though many may try to keep us apart  
Oh the colors that I see in you will  
Shine a light to see us through  
No matter what the world will do I'll always love you Oh, what is the color of love? What do you see?  
Is it warm is it tender when you think of me?  
I see the color of love when I'm thinking of you  
As a picture perfect painting of love forever true What is the color of love, oh tell me, tell me?  
Oh, I wanna know, I wanna know  
When I'm thinking of you  
As a picture perfect painting of love forever true
