

Home Is Where the Heart Is

A Change of Pace

Say something anything right now
You know I'm choking on
How bad it hurts to say goodbye
Trust in the words I say to you
It's killing me to see you desperate
Believe in what you want Just tell me how long it takes
Until I'm in the right place? Here we go again
I'm happier without
This left behind But it's all over now
I'm ready to go, I'm ready to go
Ready to find a way somehow
I'm ready to go, I'm ready to go
Ready to leave it all Say something anything right now
I know you're choking
On how bad it hurts to let us go
Cry yourself asleep again tonight
Write a note sent with
Your love from everyone, everyone Just tell me how long it takes
Until I'm in the right place Here we go again
I'm happier without
This left behind But it's all over now
I'm ready to go, I'm ready to go
Ready to find a way somehow
I'm ready to go, I'm ready to go
Ready to leave it all behind You build me up, can't break me down
I'll find a way to leave this town
And nothing good you'll ever say
Will stay with me, please stay with me You build me up, can't break me down
I'll find a way to leave this town
And nothing good you'll ever say
Will stay with me, please stay with me Stay with me Here we go again
I'm happier without
This left behind But it's all over now
I'm ready to go, I'm ready to go
Ready to find a way somehow
I'm ready to go, I'm ready to go
Ready to leave it all behind, all behind
