

# I'll Stay Around

[Willie Nelson](#)

I'll stay around till it's over  
And hope that it never ends  
Maybe in time, you'll change your mind  
And decide to love me again I'll just simply refuse to leave you  
Call me stubborn but I'll never give in  
And I'll just hang around till it's over  
And hope that it never ends I'll stay around till it's over  
And hope that it never ends  
Maybe in time, you'll change your mind  
And decide to love me again I'll just simply refuse to leave you  
Call me stubborn but I'll never give in  
And I'll just hang around till it's over  
And hope that it never ends
