I've Been Good To You

Brenda Holloway

Look what you've done; you've made a fool out of someone
Who thought love was true & found out that you
Were just having fun
Oh why do you wanna make me blue?
After all, I've been good to you
Oh yes I haveFor a long long time, you needed someone & I made you mine
You needed a friend, so I took you in
& I treated you kind
Oh why do you wanna make me blue?
After all, I've been good to youI have always been around
& I have never, I've never let you down
So now you're telling me that you must go
You know that it's hurting me so, yeahBut there'll come a time, one day, one day you'll wake up & find
You'll come back to me on bended knees
You're gonna be cryin'
Oh why do you wanna make me blue?
After all, I've been good to you
I've been good to you, oh yes I have
I've been good to you, yes I have
...& fade
