

# I've Been Good To You

[Brenda Holloway](#)

Look what you've done; you've made a fool out of someone  
Who thought love was true & found out that you  
Were just having fun  
Oh why do you wanna make me blue?  
After all, I've been good to you  
Oh yes I have For a long long time, you needed someone & I made you mine  
You needed a friend, so I took you in  
& I treated you kind  
Oh why do you wanna make me blue?  
After all, I've been good to you I have always been around  
& I have never, I've never let you down  
So now you're telling me that you must go  
You know that it's hurting me so, yeah But there'll come a time, one day, one day you'll wake up & find  
You'll come back to me on bended knees  
You're gonna be cryin'  
Oh why do you wanna make me blue?  
After all, I've been good to you  
I've been good to you, oh yes I have  
I've been good to you, yes I have  
...& fade
