Dance Desire

Haywire

Drop the needle!

Saw something inside of you
I wanted to get through to you
The only thing I knew
Tall dark danger
That lust for sin
Honey, you're what I've been lookin' for
Baby, crawl right in

Oooh, wash over me baby
It's much more than a dream
Feelin' warm, feelin' crazy
Woo
Do it now, show your stuff

Come on
Dance Desire, Dance Desire
Me having you ain't all we can do to
Dance Desire, Dance Desire
Nothing to do with love
Don't confuse it

A million times have I seen
That recurring dream
That it became so natural
What you did to me
When I woke, there you stood
Much to my surprise
You had seen what I had seen
The magic in your eyes

Oooh, wash over me baby
It's much more than a dream
Yeah!
Feelin' warm, feelin' crazy
Do it now, show it off
Bedroom jammin'
What it's all about

Dance Desire, Dance Desire
Me having you, ain't all we can do to
Dance Desire, Dance Desire
Nothing to do with love
Don't refuse it

Oooh, wash over me baby
It's much more than a dream
Yeah, feelin' warm, feelin' crazy
Do it now, show it off
Bedroom jammin'
What it's all about

Dance Desire, Dance Desire
Me having you, ain't all we can do to
Dance Desire, Dance Desire
Nothing to do with love
Don't confuse it

Dance Desire, Dance Desire
Me having you, ain't all we can do to
Dance Desire, Dance Desire
Nothing to do with love
No!

You are such a sweet thing
Bells inside my head ring
Taste is still in my mouth
Just spit it out
