

# Dance Desire

## Haywire

Drop the needle!

Saw something inside of you  
I wanted to get through to you  
The only thing I knew  
Tall dark danger  
That lust for sin  
Honey, you're what I've been lookin' for  
Baby, crawl right in

Oooh, wash over me baby  
It's much more than a dream  
Feelin' warm, feelin' crazy  
Woo  
Do it now, show your stuff

Come on  
Dance Desire, Dance Desire  
Me having you ain't all we can do to  
Dance Desire, Dance Desire  
Nothing to do with love  
Don't confuse it

A million times have I seen  
That recurring dream  
That it became so natural  
What you did to me  
When I woke, there you stood  
Much to my surprise  
You had seen what I had seen  
The magic in your eyes

Oooh, wash over me baby  
It's much more than a dream  
Yeah!  
Feelin' warm, feelin' crazy  
Do it now, show it off  
Bedroom jammin'  
What it's all about

Dance Desire, Dance Desire  
Me having you, ain't all we can do to  
Dance Desire, Dance Desire  
Nothing to do with love  
Don't refuse it

Oooh, wash over me baby  
It's much more than a dream  
Yeah, feelin' warm, feelin' crazy  
Do it now, show it off  
Bedroom jammin'  
What it's all about

Dance Desire, Dance Desire  
Me having you, ain't all we can do to  
Dance Desire, Dance Desire  
Nothing to do with love  
Don't confuse it

Dance Desire, Dance Desire  
Me having you, ain't all we can do to  
Dance Desire, Dance Desire  
Nothing to do with love  
No!

You are such a sweet thing  
Bells inside my head ring  
Taste is still in my mouth  
Just spit it out
