

Kiss Me Hello

Barrett Baber

Nice to meet you what's your name where ya from?
Southern Ohio but your were born in Kentucky huh
What you doin in Tennessee? Ahh yeah that's cool same with me.

Nashville can pull you in like that,
It'll make you feel lucky I've heard people say that
When ya get that feelin the feeling's never wrong
By the look in your eyes I'd say that something's going on
Well tell me something I don't know And kiss me hello

We been dancing dancing round it all night
Got a feeling feeling that we just might
Make a little magic in the moonlight
So come on with it.....lets get on with it
We could waste a lot of sweet time
Waiting too long for the right time

I ain't looking for a goodnight kiss oh no
I just want you to kiss me hello You like this song? I like it too
I ain't much of a dancer but I sure would dance with you
The band's gonna play a couple more tunes we could
Hit the floor you could show me some moves

And there's a lot more that I'd like to know so baby lets go And kiss me hello

We been dancing round it all night
Got a feeling feeling that we just might
Make a little magic in the moonlight
So come on with it.....lets get on with it
We could waste a lot of sweet time
Waiting too long for the right time

I ain't looking for a goodnight kiss oh no

I just want you to kiss me hello I've been dying to know what's behind that smile cause I can't get enough
Of that feelin that feeling that's telling me we gotta get to the good stuff We been dancing dancing round it all
night

Got a feeling feeling that we just might
Make a little magic in the moonlight
So come on with it.....

And kiss me hello

We could waste a lot of sweet time
Waiting too long for the right time
I ain't looking for a goodnight kiss oh no
I just want you to kiss me hello
