

The One U Wanna C

Prince

I know I ain't the first to tell ya
I sho' bet I won't be the last
I know you're in a hurry, baby
So let me make this fast I got a lotta money
I don't wanna spend it on me
I like pretty thangs
You're just as pretty as you can be So if you ain't busy later
And you want some company
I ain't tryin' to be a hater but I'm the one
I'm the one, the one u wanna c, u wanna c You see, look around you, baby
You know you've seen it all before
Every nickel in this club lookin' for a dime
Nothin' less, nothin' more Too tall to be talked down to
Too over it to be put under
Any spell a blind fisherman could cast
That's why I come like thunder to tell you I got a lotta money
But I don't wanna spend it on me
I like pretty thangs
And you're just as pretty as you can be So if you ain't busy later
And you want some company
I ain't tryin' to be a hater but I'm the one
I'm the one, the one u wanna c, u wanna c You don't need to fix your hair
For somebody you don't care for
You don't need to shave your legs
If it ain't me that's knockin' at your door I know you ain't no concubine
I know you ain't a one night stand
I don't wanna waste your time
If you wanna get creamy I'm the one u wanna c
The one u wanna c, baby
Oh, the one u wanna c
Wanna c, baby please I'm the one u wanna c
The one u wanna c
I'm the one u wanna c
The one u wanna I'm the one u wanna c
The one u wanna c
I'm the one u wanna c
I'm the one u wanna I'm the one u wanna c
I'm the one u wanna c
I'm the one u wanna c

I'm the one u wanna
