# Clones (We're All)

## Alice Cooper

I'm a clone
I know it and I'm fine
I'm one and more are on the way
I'm two, doctor
Three's on the line
He'll take incubation another dayI'm all alone, so are we all
We're all clones
All are one and one are all
All are one and one are allWe destroyed the government
We're destroying time
No more problems on the way
I'm through doctor
We don't need your kind
The other ones ugly ones
Stupid boys wrong onesI'm all alone, so are we all
We're all clones
All are one and one are all
All are one and one are allSix is having problems adjusting to his clone status
Have to put him on a shelf
All day long we hear him crying so loud
I just wanna be myself
I just wanna be myself
I just wanna be myself
Be myself
Be myselfI'm all alone, so are we all
We destroyed the government
We're destroying time
No more problems on the way
I'm through doctor
We don't need your kind
The other ones ugly ones
Stupid boys wrong onesI'm all alone, so are we all
We're all clones
All are one and one are all
All are one and one are allI'm all alone, so are we all
We're all clones
All are one and one are all
All are one and one are all
