Teaser

Nyktalgia

That womans got a smile
Puts you in a trance
And just one look at her
Makes you want to danceThese dark and rosy lips
Only pacify
With just a hint of ruthlessness
Sparkling in her eyeShes a teaser and shes got no heart at all
Shes a teaser and shell tempt you 'til you fall
Yes, shell tempt you 'til you fallShell talk to you in riddles
That have no sense or rhyme
And if you ask her what she means
She says, she dont got no timeShes a teaser and shes got no heart at all
Shes a teaser and shell tempt you 'til you fall
Yes, shell tempt you 'til you fall
