Shoreline (feat. Robert Manos)

Synkro

Oh oh, oh

The world can wait

The world, can wait

Oh oh

The world can wait

The world, can wait

Oh oh, oh

Feeling black and white
story of a world gone mad
watched it standing up
I couldn't tear myself away

It kills me every time
I'm trying to see I'm walking blind
We make it up as we go
and I pray it turns out right

How far you go
What do you make of this

The world can wait

Feeling black and white
story of a world gone mad
watched it standing up
I couldn't tear myself away

It kills me every time
I'm trying to see I'm walking blind
We make it up as we go
and I pray it turns out right

The world can wait

Oh oh
