

Santa's Coming Over to Your House

Brooks & Dunn

Seemed like just another Christmas Eve
Kids had left some milk and cookies to eat
We cuddled up and read
'The Night Before Christmas' again I headed down for one more holiday snack
I saw this fat man with a pack on his back
He called me crazy
But there's toys and stuff all over the den Santa's coming over to your house
Christmas coming down the line
Santa's coming over to your house
I know cause he just left mine He left a Barbie and a video game
He filled the stockings with the red candy canes
He hid a skateboard and a football
Up under the tree I heard him holler and he pulled out of sight
"A Merry Christmas and to all a good night"
I know what you're thinking
But I'm telling you, you got to believe Yeah, Santa's coming over to your house
Christmas coming down the line
Santa's coming over to your house
I know cause he just left mine Yeah, Santa's coming over to your house
Christmas coming down the line
Santa's coming over to your house
I know cause he just left mine
Yeah I know cause he just left mine
Oh I know cause he just left mine
