

The Lord

Dark Soul Project

Play you a songWhat do you get for trying?

Minute you're born, you're dying

Body is six feet down

The Lord said the soul sticks aroundYou can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord

You can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the LordYou think you live on laughter

But you don't know what's after

Singing hallelujah

I can know the masterYou can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord

You can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord, yeahWhen my life is over

Lie in fields of clover

Waiting for my own girl

Living in a new world, yeahWell, you can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord

You can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the LordWhat do you get for trying?

Minute you're born, you're dying

The body is six feet down

The Lord said the soul sticks aroundWell, you can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord

You can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the LordYou can believe what you wanna

But I know what I'm gonna do

I'm gonna believe in the Lord

I'm gonna believe in the Lord
