

Be Quiet

Pitbull

Shakespeare, Mr. 305
This is to them boys that be in the club
That talk a whole lot of nothin'
Shh, be quiet
Keep it cool, you don't wanna start a riot
Shh, be quiet
Keep it cool, you don't wanna start a riot
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let the beat ride
Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
I'm rollin' through the back streets
Them boys don't applaud but they clap
I'm in that seven forty fizzles with them dark boys on it
Low key, blowin' that ooh-eee
Jump out, they like, 'Who's he?'
I'ma snatch 'bout two or three
It's a Dade thing when you speak
Slash perico, chi chi get the y***, man
I'm statin' facts, this where we from
The bottom, dawg, this where you come
When you need it, want it, don't got it, in the drought
Lookin' for a good price? Hit 95 South
K's as in, P's as in
E as in, we got it on deck
So show some respect
To the *** capital, Dade County
Shh, be quiet
Keep it cool, you don't wanna start a riot
Shh, be quiet
Keep it cool, you don't wanna start a riot
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let's go
Let's ride, let's ride, let's go, let the beat ride

Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
Hey, hey, now let the beat ride
Shh, be quiet
Keep it cool, you don't wanna start a riot
I'm cool, I'm quiet
A couple shots will put your a*** on a diet
This is for them big boys doin' them big things
In them big Chevys with them big rims
Makin' big noise with them big speakers
And anytime they cook y***, it's some big beakers
Listen buddy, we off the chain
Now what they do, what it is or what it ain't
Listen buddy, we off the chain
I suggest you hand over them thangs
I got my game from Jose Antonio Armando Perez Torrez
Ese si era mi consorte
And I miss ya Dad but I know you watchin' me
With you in Heaven, I know ain't nothin' stoppin' me
The game is mine now, I'm buildin' client
