

# Catch My Disease

Ben Lee

My head is a box filled with nothing  
And that's the way I like it  
My garden's a secret compartment  
And that's the way I like it  
And that's the way I like it Your body's a dream that turns violent  
And that's the way I like it  
And that's the way I like it  
The winter is long in the city  
And that's the way I like it So please, baby please  
Open your heart  
Catch my disease I was backstage in Pomona  
And that's the way I like it  
She drank beer with Coca-Cola  
And that's the way I like it  
And that's the way I like it She told me about the winds from Santa Ana  
And that's the way I like it  
And that's the way I like it  
She told me she'd love me like fireworks  
And that's the way I like it So please, baby please  
Open your eyes  
And catch my disease So please, baby please  
Come on  
And catch my disease, catch it They play Good Charlotte on the radio  
And that's the way I like it  
They play Sleepy Jackson on the radio  
And that's the way I like it  
And that's the way I like it I hear Beyonce on the radio  
And that's the way I like it  
'Cause that's the way I like it  
They don't play me on the radio  
But that's the way I like it So please, baby please  
Open your heart  
And catch my disease So please, baby please  
Come on  
And catch my disease Catch my disease  
Catch my disease  
Catch my disease  
Catch my disease
