

Running Down the Road

Arlo Guthrie

words and music by Arlo Guthrie

Running down the road
 Make my get away
 Everything I told you
 was just yesterday
Yes, You know I'm off again
 Oh, and I've been told
 You were there beside me
Running down the roadWalking down the street
 Meet me down the line
 Police car at my feet
 They were there on time
 Everybody's looking for
 Something to explode
 How can you afford the time
Running down the roadMy feet are getting tired
 My head begins to spin
 Who of us is dreaming
 You or me or him?
Yes, You know I'm waiting
 While these times unfold
 Looking backward briefly
 Running down the road
