The First One

Boys Like Girls

Even though you're gone and far away I feel you all around
I think about it every single day, you got away somehow
I can't sleep, it's hard to breathe and I still feel you next to me
Now I can see
The first one is the worst one
When it comes to a broken heart
Your first love, yeah, your soul's gone
And you feel like a falling star
There's a fire in the city that's burning out tonight
And you're breathing but you're buried alive
The first one is the worst one when it comes
When it comes to a broken heart
Spinning like a movie in my head I've seen a thousand times
I've learned to take it hard and fall instead
I'm sitting safe on the sidelines
Lost days, pictures fade, somehow you're still miles away
It's safe to say
The first one is the worst one
When it comes to a broken heart
Your first love, yeah, your soul's gone
And you feel like a falling star
There's a fire in the city that's burning out tonight
And you're breathing but you're buried alive
The first one is the worst one when it comes
When it comes to a broken heart
'Cause I would walk through a thunderstorm
Just to kiss you, I'm out here on my own
Better now than I was before
But I miss you and I want you to know
I can't sleep, it's hard to breathe and I still feel you next to me
And I can see, yeah
The first one is the worst one
When it comes to a broken heart
Your first love, yeah, your soul's gone
And you feel like a falling star
There's a fire in the city that's burning out tonight
And you're breathing but you're buried alive
The first one is the worst one when it comes
When it comes to a broken heart

The first one is the worst one
When it comes to a broken heart
Your first love, yeah, your soul's gone
And you feel like a falling star
There's a fire in the city that's burning out tonight
You're breathing but you're buried alive
The first one is the worst one when it comes
When it comes to a broken heart
