

Take Your Shirt Off

Anami Vice

See me in the moment
Scheming on this
Rotisserie gold and roast beef
Hoping it's a go team, okay
I'm a make the most of this showtime offering
This easy pay option What I'm talking about is

I'm a take my shirt off
And you can take your shirt off
And I'm a take my shirt off
So you can take your shirt off

Lambs to the slaughter
Landing these broads like
Lap dogs, that, Polly want a crack...or
Hats off to these la cucarachas
All grabbing they crotch
Like they Randy the macho...nacho
Man for the job
Just dance for me darling
I'm balling
It's bothering me that you've still got your top on
You're botching my plan
That depends on your top
Coming off of your body
Now
C'mon!

I'm a take my shirt off
And you can take your shirt off
And I'm a take my shirt off
So you can take your shirt off

Eh yo it's easy
30 CCs of a sea breeze
Center fold sheets and
Wolves to these she's and
Bulls to these beasts and
Bullets in a briefcase
Beef cakes standing like "Look at me baby"

Looky here
I've been 90 X for a year
Now I'm good in leotards
Now I'm good in scenes that aren't appropriate for teen awards
More gasoline
C'mon pour it on the fire and
Make it seem warm so...

I'm a take my shirt off
And you can take your shirt off
And I'm a take my shirt off
So you can take your shirt off

Can I get a witness
You and me in a game of strip chess
When less is more
So we get undressed
Miss naked from the waist neck down
Take a pic and send it to me in a message...

All the best
I'm a get miffed if
I don't see skin and
It's alright cause
We're all friends here
Just how nature intended
We're meant to pair down
When the temperature gets up there and

I'm a take my shirt off
And you can take your shirt off
Cuz I'm a take my shirt off
And you can take your shirt off
And I'm a take my shirt off
And you can take your shirt off
And I'm a take my shirt off
So you can take your shirt off
I'm a take my shirt off
So you can take your shirt off
