## The Roots

The Roots is comin' (16X)[Black Thought]  
I rip the vocal backflip yo the kid is a bad bro  
I can drip it hipper than dip into calyp-so  
A-dios, amigo, which means I gots ta G-O  
Makes you wonder bout my number  
Guess my address or my P.O., here's a hint:  
I'm from Phila with a Del but not the Rio  
Well, I'm guessing here is like exactly where the Phi go  
Now, we got the Phila-Del-Phi why not top it off with an A?  
The Philadelphiadic rhythmic way I'm straight from Philly  
Silly but rugged then a hill-billy  
Just like I said before I sport my skully when it's chilly  
My cap is from The Lay Up, my bows from The Gilly  
The Roots, is out to blow up like a clip from out the milli  
or the oo-wop, I do drop, gizzantic, the crew wop  
From out the darkest field I goes to pick the funk crop  
You can't deny the props so stop before your fronts  
get loosened, introducing, The Roots y'all..
