

# Good (feat. Angel)

## Dizzee Rascal

I wanna get away, I wanna disappear  
To somewhere where the sun is shining and the water's clear  
Nobody talking bullshit in my ear  
Just lots of cheery people drinking beer  
On the coast and the dearest could be near  
And lots of smiley faces, cocktails and chasers  
Penthouses in high places  
No problem, hate you, just wakin, I'm bakin for my delevation  
Love makin the penetration  
The king of vacation that I wanna be taking  
I just wanna see some palm trees and take shopping sprees  
If I'm lacking what I see I'm copping or dropping Ps  
No stopping me whilst looking for investments on properties  
Some hotties don't wanna please  
Some beaches with cool breezes - that's what I need  
Strike up a conversation  
No complication, no confrontation  
Nobody tryna get up off they station  
Just a lot of rehabilitation, no hesitation  
Every day is just one big celebration  
You know I gotta think I'm fly girl  
Even when I put your smiles up girl  
We just tryna kill some time ah  
Something kinda like fine wine  
See you ain't gotta see my shine now girl  
Promising to multiply it girl  
I ain't gotta act all wild, I'm good  
You already know my style (Now everybody get your hands up high)  
We'll have a real good time  
Real good time  
We're gonna feel so fine  
(Get your hands up high)  
Feel so alive  
We'll have a real good time  
Real good time  
We're gonna feel so fine  
If you're runnin back to bed let me know that we can get it right  
Fresh fruit, fresh juice, vitamin boost  
I'm looser than a goose, I'm not a recluse

I'm socializing, looking over the horizon, feeling so alive  
I'm mesmerized, I'm stopping over the ocean ready to take a dive  
Or take five and get back, can sit back  
I'm fresher than a Tic-Tac with nothing else to distract me  
Exactly what the fuck to all the refs, I'm being away in the corner  
Do I drop a form or taking a flight?  
You with? It will be warmer  
Now it's hotter than the sauna, 2 block of water  
And just to keep me cool  
I'm getting a massage in my quarters, feeling like a moola  
All I need in comfort me, now girl what's the stop with me?  
Then hit the time and get her back, eat or munch with me  
When in doubt we'll keep it moving  
Pay the bill and see a movie  
After that we'll hit the club and keep it super groovy  
Feelin kinda woozy cause of the liquid we're abusing  
Boy it's really quite amusing, plus we're vibing with the music You know I gotta think I'm fly girl  
Even when I put your smiles up girl  
We just tryna kill some time ah  
Something kinda like fine wine  
See you ain't gotta see my shine now girl  
Promising to multiply it girl  
I ain't gotta act all wild, I'm good  
You already know my style (Now everybody get your hands up high)  
We'll have a real good time  
Real good time  
We're gonna feel so fine  
(Get your hands up high)  
Feel so alive  
We'll have a real good time  
Real good time  
We're gonna feel so fine  
If you're runnin back to bed let me know that we can get it right If you're runnin back to bed let me know that  
we can get it right
