

# Perfect Picture (feat. Damian "Jr. Gong" Marley)

## Stephen Marley

Stephen Marley: Turn 'em up  
Get them ready  
Kingston city  
Get them ready now... ready now...  
She's a pretty little thing  
It's time for us to get closer now  
I'm gonna feel your touch  
I'm gonna hear your sound  
Every time I see, see your face...  
You paint the perfect picture  
Every time I'm with ya  
Oh you and I a world apart  
Please let me know if I have your heart  
Cause every time I'm with ya  
You paint the perfect picture

Damian Marley: This relationship, society can't relate  
They say we're two opposite  
They say it's all on to stay  
They say I'm no good for you  
They say you're too good for me  
Dem said our puzzle don't fit  
Well baby I disagree  
Your mama told you to be  
A very good behaving  
And now just because of me  
They say you're miss behaving  
Daddy's not talking to you  
Because he doesn't approved  
Stephen Marley:  
My lies no truth, my truth no lie  
Oh Jah is here so I must obey  
Oh you and I a world apart  
But every time I'm with ya  
You paint the perfect picture  
Please let me know if I have your heart  
We'll share the pains, oh we'll share the joy...  
Cause every time I'm with ya

You paint the perfect picture  
Damian Marley: She said they taught her to love  
And now they want her to hate  
They say they're kicking her out

She told them she'll be okay  
As long as she's loving me  
She told them she'll be alright  
She's so ready to leave  
She's excited for life  
Is she reckless at heart  
Cause she won't leave me alone  
She's always in my thoughts  
I got her face on my bone  
Picture's as perfect can be  
Every time she's with me Stephen Marley: It's time for us to get closer now  
I'm gonna feel your touch  
I'm gonna hear your sound  
Every time I see, see your face...  
You paint the perfect picture  
Every time I'm with ya  
Oh you and I a world apart  
Please let me know if I have your heart  
You paint the perfect picture  
Every time I'm with ya Damian Marley: Well baby is you and me  
We're painting portraits of love  
Why won't they let us be free  
And just let god be the judge  
They've never been so ashamed  
We've never been so in love  
I'd rather hold on to you  
They'd rather hold on to grudge  
It's always been me and them  
It's always been you and I  
They'd rather live and let live  
They'd rather live and let die  
I pay the leave to forgive  
And I say baby don't cry...  
Cause when it's all said and done  
And man a share flesh and bone  
They won't care who was wrong  
They would wish you were home  
This reminding me of a likkle story I know  
It's like Ali and Marley  
Or maybe Lia alone.  
Mona Lisa, Mona Lisa, I adore you...  
You're pretty like a picture with love  
You're my Mona Lisa  
Mona Lisa, Mona Lisa, I adore you...  
You always paint the perfect picture with love

You're my Mona Lisa  
Mona Lisa, Mona Lisa, I adore you...  
You always paint the perfect picture with love  
You're my Mona Lisa... you're my Mona Lisa...  
You're my Mona Lisa... picture with love  
You're my Mona Lisa  
Mona Lisa, Mona Lisa, I adore you...  
You paint the perfect picture with love  
You're my Mona Lisa  
Mona Lisa, Mona Lisa, I adore you...  
You paint a perfect picture with love...
