What Is Happening?

Alphabeat

Oh, when I said I need you so much, I was dead I was alive when you were right here by my side We both could see that I needed you, you needed me And now we both regret, regret what we said When we said "Don't you ever come back, Don't you ever come.

Don't you ever come back, don't you"Don't go out tonight Baby, can't you see what is happening to you, what is happening?

Don't go out tonight

Baby, can't you see what is happening to you, what is happening? So whose fault is it anyway?

Don't say you don't know

We both know that we made a mistake

It's hard to live together forever

Well, that's what they say

We still regret when we said what we said

So whose fault is it anyway?

Don't say you don't know

We both know that we made a mistake

It's hard to live together forever

Well, that's what they say

We still regret, regret what we said, what we said

When we said "Don't you ever come back,

Don't you ever come.

Don't you ever come back, don't you"Don't go out tonight Baby, can't you see what is happening to you, what is happening?

Don't go out tonight

Baby, can't you see what is happening to you, what is happening?Oh, when I said I need you so much, I was dead

I was alive when you were right here by my side

We both could see that I needed you, you needed me

And now we both regret, regret what we saidDon't go out tonight

Baby, can't you see what is happening to you, what is happening?Don't go out tonight

Baby, can't you see what is happening to you, what is happening?Don't go out tonight

Baby, can't you see what is happening to you, what is happening?Don't go out tonight

Baby, can't you see what is happening to you, what is happening?
