Tranquillo (Melt My Heart)

Carly Simon

Melt my heart, why don't you melt my heart?
Oh, you melt my heart, tranquillo
You melt my heart
Let it go, let it go, let it goTranquillo, got to get you into bed now
Just a little boy in the body of a dream
Can't stay up and won't go to sleep
What does it meanTranquillo, no other way to go now
'Cause you need a lot of bass and drums for your rockabye
Just a lullaby for a wide-eyed guy
This charm of yours, better put it on hold
Put it on hold, put it on hold because youMelt my heart, why don't you melt my heart?
Let it go, let it go, let it go
Melt my heart, tranquillo
You melt my heart, whoa, let it goTranquillo, I wanted to go out dancin'
But you got me dancin' round and round
Your momma's never gonna get to town
These plans of mine better put 'em on hold
Put 'em on hold, put 'em on hold because youMelt my heart, why don't cha melt my heart?
Melt my heart, tranquillo
You melt my heart
Let it go, let it go, let it go
