Length of Love

Interpol

This could be destiny Oh Sweetheart I've had no sense of time Since we startedI've got friends in need Oh Sweetheart I'd go lengths and lengths And lengths of love Since we started this thing nowComplex salacious removal Complex salacious removalThere is a better breed Oh Sweetheart They will be Watching you sometimes With their bitter heartsWhen we are through with these Oh we're shifting the heartache We want strong summer love That must roam washed up blood Just to stay awayComplex salacious removal Complex salacious removalComplex salacious removal
