Three Perfect Days

Before You Exit

The first day is always the best
It could be love or a beautiful mess
But you just don?t know so you gotta go along for the ride (along for the ride)
Day 2, she?s so into you
And the first kiss feels like it?s something true
And you know it?s real, everything you feel so deep inside.
Day 3 comes, you tell everyone how much she means to you
A picture perfect night, everything goes right
Until she says ?we?re through?
I was the one for a minute, two for a second,
Three days later you told me to forget it
Three perfect days, three perfect days
Thought it was love, we were in it, you said it was over
And now I?m looking for somebody?s shoulder to make me feel okay
And how could I let her get away in just three days?
Just three days
This is now, and that was then
And her Facebook wall says she?s single again
Guess I should?ve know she would get away
She forgot my name (forgot my name)
She took me down when I found out I was just another weekend fling
It was a beautiful mess, but in the end I guess, it didn?t mean a thing
I was the one for a minute, two for a second,
Three days later you told me to forget it
Three perfect days, they were three perfect days

Thought it was love, we were in it, you said it was over
And now I?m looking for somebody?s shoulder to make me feel okay
How could I let her get away in just three days?
I?d do it all again, even if I knew it would end
And I still remember when
I was the one for a minute, one for a minute, one for a minute
I was the one for a minute, two for a second,
Three days later you told me to forget it
Three perfect days, three perfect days
Thought it was love, we were in it
You said it was over
And now I?m looking for somebody?s shoulder to make me feel okay
How could I let her get away in just three days?

Just three days
Three perfect days
