

Jimmy Driftwood

[Jim McCormick](#)

Shanghaied

Shanghaied, you shanghaied sailor men
The salt breeze, the salt breeze in your hair
Sail on Sail on you shanghaied sailor men
Destination, destination god knows where
Captain, the captain's drunk again
First mate, the first mate doesn't care
Sail on sail on you shanghaied sailor men
Destination, destination god knows where
Destination, destination god knows where
Destination, destination god knows where
