

Got to Know (feat. Brian Johnson)

Geordie

GOT TO KNOW.

Got to Know

Young girl, don't throw your love at me
'Cause you don't know where I stand
Young girl, you're only 17
And you don't know if it's real
Oh young girl, don't try to box so high
Or you might get hurt coming down
Oh young girl, with your golden hair
And your skin so far

(*) But I got to know, got to know
I got to know, got to know
I got to know which way to go

(*) Repeat

Oh young girl, don't you look that way
'Cause there's only truth in what I say
Oh young girl, you got the stars in your eyes
And you want the moon

(*) Repeat 5
