

Hollow Ponds

Damon Albarn

Chill on the hollow ponds
Set sail by a kid
In the heat wave that hit us all
1976I felt the percussion
The green man had gone
Half my road was now a motorway
1991I was by the Black Sea
Two hours in time
Spiny urchins and the new school bell
1979Changed into lakeside
In January
(Hollow ponds)
Modern life was sprayed onto a wall
In 1993
