

# Overdrive

## Goloka

Don't pull your love out on me darling  
Please hold my hand don't leave me drowning in my tears  
What you will take you will be given  
Don't pull your love out on me darling

### CHORUS:

Into overdrive  
we're going in the red light  
Into overdrive  
My baby hit the mainline

Slow down my dear  
drive out I'm here

Don't leave me here don't leave me falling  
down so i can't feel  
we took a ride the lane is clear

Drifting away hope to return  
it takes a lot to see me hurt  
Don't pull your love out on me darling

### CHORUS:

Into overdrive  
we're going in the red light  
Into overdrive  
My baby hit the mainline

Moving on through...oh baby ..oh baby  
moving on through aah

### CHORUS
