Lookin? up can be so fancy free.  
Sideways is best ways  
'Cause that?s where you?ll be.

Airplanes goin? by  
Airplanes in the sky  
Airplanes goin? by  
Airplanes in the sky-y-y

### Verse 2:

I see an airplane;  
It don?t see me.  
You see us both as  
You laugh quietly.

### Chorus

### Verse 3:

They look kinda like animals  
But the kind you can?t handle.  
They?re kind of invincible,  
But not really 'cause they explode  
All the time.

Sometimes it's best  
When watching above.  
You might notice the contrails  
But not what they're made of.
