

My Addiction

Sara Haze

I want you so bad I'm shaking
You're like a needle underneath my skin
But I won't let my hunger for you
Pull me back again
Wrapped up in you I lost myself
Couldn't see how I needed some help
Guess the fear of leaving made me stay

I'm so sick of trying
Praying that you'll change
Of walking the line
Between pleasure and pain
I got nothing left
I gave all of me
It hurts so bad I can barely breathe
Gotta save me from my addiction

You were my strongest weakness
Took advantage of my love
You used me over and over
Til you used me up

I'm so sick of trying
Praying that you'll change
Of walking the line
Between pleasure and pain
I got nothing left
I gave all of me
It hurts so bad I can barely breathe
Gotta save me from my addiction

I gave it away
I gave it away
I gave it all away
I gave it away
I gave it away
Gave it away to you

I'm so sick of trying
Praying that you'll change

Of walking the line
Between pleasure and pain
I'm so sick of crying
On the bathroom floor
Don't wanna want you anymore
I got nothing left
I gave all of me
It hurts so bad I can barely breathe
Gotta save me from my addiction
