

Make It Right

The Narrative

Stuck

I let you get the best of me
Now I can't leave My head hung low
With nowhere to go
so I follow you Come on, come on
You know you lead me on
When all I want is to be there
Next to you So don't kiss me goodbye
Don't apologize
If you're wrong
just make it right
Make it Slow

I'm struggling to keep up with your
Push and pull And yeah, you're confused
But I'm growing tired of the mild abuse
And disregard So make up your mind
cause I've made up mine and it always
comes right back to you So don't kiss me goodbye
Don't apologize
If you're wrong
just make it right
Make it right

Ah, make it right Why oh why
Do you do this to me, why?
Do you think I'm pretty when I cry? Why oh why
Do you do this to me, why?
Do you think I'm pretty when I cry? So don't kiss me goodbye
No, no don't apologize
If you're wrong
Just make it right
Make it right
Ah, make it right
