All That I Need To Survive

Charice

I look out my window
And wonder where you are (where you are)
And if you are safe out there
Somewhere in the dark (in the dark)
Time has no meaning
To this broken heart that's mine

I see your face
Where ever I go
I hear your voice
I want you to know

I feel your arms when I'm lonely
I make believe that you are still here with me
It's all I need
I feel your heart as if it was beating with mine
When you're in my world, I am alive
You're all that I need to survive

I've got this friend who says, it's time I let you go (let you go)
The way that you loved me, no one else could ever know
You were the best that ever happened to my heart and to my soul (to my soul)

I see your face
where ever I go
I hear your voice
I want you to know

I feel your arms when I'm lonely
I make believe that you are still here with me
It's all I need
I feel your heart as if it was beating with mine

And if, I mean when
When I see you again
It will be just the same as it was
And if, I mean when
We're together again
Our souls reunited as one

I feel your arms when I'm lonely
I make believe that you are still here with me
It's all I need
I feel your heart as if it was beating with mine

(I feel your arms when I'm lonely, lonely, lonely)

You're in my world
I am alive
You're all that I need to survive
You're all that I need to survive
You're all that I need to survive
