# Jezebel

## Plague Vendor

It ends tonight
Fireside
She can take your mind
Take it every way
And I'm the seventh son
Yeah the chosen one
I can take your mind
Take it every way
You see the girl got loose
Yeah the boy got two
And she can take their minds
Take them all the way
Im the seventh son
With the six shooting gun
And I can take your mind
Take you all the way
Jezebel
Jezebel
Jezebel in the midnight air
Jezebel
Jezebel
Jezebel in the midnight air
Shadow running
We're shadow running
We're shadow running
In the midnight air
Shadow running
We're shadow running
We're shadow running
In the midnight air
Jezebel
Jezebel
Jezebel in the midnight air
Jezebel
Jezebel
Jezebel in the midnight air
