Insane

Kinney

crickets chirping
Hiding in the corners of my head
twisted up and tangled words you said
teach me how to feel, teach me how to feel
I'm covering the clues to make me loose control
breaking through the barriers around my soul
something that is real, something that is real

hey, oh watch out world cause here I come
lots of my fears have come undone
riots pulse within my veins
I think I'm gonna go a little bit insane
sane

pull me out from upside in
I'm fighting wars I cannot win
teach how to feel, teach me how to feel
oh, my heart can't speak, cause my head says no
like I'm watching from the balcony of my own show
something that is real, something that is real

hey, oh watch out world cause here I come
lots of my fears have come undone
riots pulse within my veins
I think I'm gonna go a little bit insane
sane

do, do, do, do, do
uh, oh, whoa, oh, whoa, oh, ohohoh
oh, oh, oh
oh, oh

watch out world cause here I come
lots of my fears have come undone
riots pulse within my veins
I think I'm gonna go a little bit insane
watch out world cause here I come
lots of my fears have come undone
riots pulse within my veins
I think I'm gonna go a little bit insane

sane,
sane,
sane
oo, oo, oo, oo, oo, ooooo
oo, oo, oo, oo, oo, ooooo.
